

KUBE SYSTEMS

KS Portable™

Designed specifically for the hospitality industry, KS Portable™ is a portable universal charging system with built in cables for all mobile devices.

- ✓ Hardware is fully upgradable as global charging standards change
- ✓ 9 hours of continuous power
Takes only 6 hours for Kube to fully charge
- ✓ 18,000 mAh
Ultra High capacity battery

IS YOUR PHONE OR TABLET BATTERY DYING?

Charge it on our Kube. Portable charger for up to six devices concurrently. Charge anywhere. You don't even need to bring your cables.

What phone do you have?

The KS Portable™ has inbuilt Apple® Lightning, Apple® 30pin and Micro USB flip out cables suitable for Androids, Blackberrys and virtually every smart phone and tablet available.

Also, KS Portable™ has two additional USB ports and inbuilt **Wireless Charging**, powered by Qi technology.
